

Norwegian Optical Cable Equipment Manufacturer

Summary of Content

Key Norwegian manufacturers of fiber optic cables include Max. Fiberworks, Smartoptics, T&G Elektro, Foss Fiber Optics, and Norsk Fiberoptikk.

Notable Manufacturers

Max. Fiberworks specializes in a wide range of fiber optic cables and solutions, offering development, delivery, and testing services for fiber networks. They focus on high-quality, cost-effective products suitable for various network needs. Smartoptics provides innovative optical networking solutions, including optical transceivers and scalable fiber optic systems. Their products emphasize flexibility and open networking solutions for telecom and data networks. T&G Elektro manufactures custom fiber optic cables and connection solutions for sectors such as defense, aerospace, telecom, and energy. They operate multiple facilities and provide tailored solutions for specialized applications. Foss Fiber Optics has been a market leader since 1984, producing fiber optic systems for transport networks, data centers, industrial buildings, defense, and offshore environments. They manufacture high-quality optical connectors and cables in Norway and Slovakia, offering both standard and customized solutions, including Plug & Play systems for demanding conditions. Norsk Fiberoptikk focuses on providing high-quality fiber optic cables for various environments, including indoor, outdoor, and challenging installations such as undersea or concrete ducts. They are an NKOM-authorized installer and ensure compliance with Norwegian and international standards, offering solutions for public networks and industrial applications.
