

OEM Active Optical Cable 1G

Overview

The 1G SFP Active Optical Cable (AOC) is a high-performance, cost-effective solution designed for high-speed, short-range data communication in data centers, storage networks, and other short-range applications. Choose from our range of Active Optical Cables and Direct Attach Cables that support all form factors up to 800G. Compared to copper cables, Thunderbolt™ cables are up to 20 times longer, 50% thinner and 80% lighter, allowing you to transform the way you. As a professional optical module supplier, we provide a full range of optical transceiver modules from 1G to 400G, support customized development, and are 100% compatible with mainstream equipment manufacturers, providing reliable optical interconnect solutions for data centers, telecommunications. We offer a wide range of OEM-compatible optical transceivers & cables, ensuring reliable, high-speed connectivity. Why choose our. FS gigabit ethernet transceiver solutions provide fibre or copper options including 1000BASE-SX, 1000BASE-LX/LH, 1000BASE-T etc., from 100m to 160km, for 1G switches, routers, servers, NICs and other transmission equipment. 30-Day. Axiom helps customers extend the value of their OEM platforms by supplying tested, coded, and supported optics and cables across legacy, current, and next-generation networks.

Article Content

Arista Optics Modules and Cables

All interface speeds, from 1G to 400GE have connectivity options that include Direct Attach copper Cables (DACs), Active Optical

OEM-compatible optical transceivers & cables

We provide high-quality OEM-compatible optical transceivers and cables that are rigorously tested for performance and compatibility

Active Optical Cables | OEM Optical Communication Solutions | Corning

Corning Active Optical Cables (AOCs) can manage your data content in a more durable and allows you to transform the way you work.

High-Quality SFP AOC Supplier | Factory Price & Global Shipping

When building or upgrading your network, one common question arises: For 1G SFP connections, should you choose optical

Optical Connectivity Solutions | 1G to 1.6T Optics, Cables, Coding ...

Explore Axiom optical connectivity solutions for 1G through 1.6T networks, including OEM-compatible transceivers, DAC, AOC, ACC,

Professional Active Optical Cable (AOC) Manufacturer | 1G-800G Data ...

High-performance AOC solutions from 1G to 800G for data centers & enterprise networks. 100% compatible with major brands.

Adtran Compatible 15m (49ft) 1G SFP Active Optical Cable

The 1G SFP Active Optical Cable (AOC) is a high-performance, cost-effective solution designed for high-speed, short-range data

1G SFP Transceivers | Mini-GBIC SFP Modules

FS gigabit ethernet transceiver solutions provide fibre or copper options including 1000BASE-SX, 1000BASE-LX/LH, 1000BASE-T

T1Nexus

Choose from our range of Active Optical Cables and Direct Attach Cables that support all form factors up to 800G. AOCs options
