

OPGW optical cable sales price

Overview

If you're a typical user, you don't need to overthink this: for most utility upgrades, a 48-core OPGW cable priced between \$600–\$800 per km (MOQ 1–5 km) delivers balanced performance and supply reliability. Over the past year, OPGW cable pricing has tightened—not because of new technology, but because aluminum and steel raw material costs have swung sharply, and global grid modernization projects now demand higher fiber counts (96–144 cores) more consistently. Skip bulk-only suppliers quoting under \$400/km unless they provide full type-test. As of recent market analysis, the price range for OPGW cables is generally between RMB 10,000 to RMB 30,000 per kilometer. A 72-core OPGW cable might reach up to RMB 30,000 per kilometer or more, depending on. Given the aforementioned factors, the price of OPGW cables in 2024 is expected to exhibit a mixed trend: In the early part of 2024, prices may rise due to ongoing supply chain challenges and the increased cost of raw materials. 2% from 2024 to 2030, reaching a valuation of \$3. This growth is fueled by digital transformation in energy grids and increased investment in smart grid technologies. Smart Grid. Comparing opgw cable prices.
