

Oman Delivery Time 10G SFP Optical Module

Summary of Content

Delivery of 10G SFP optical modules in Oman typically ranges from 2 to 9 business days depending on the vendor and shipping method.

Delivery Estimates by Vendor

- Ubiquiti 10G SFP+ Single-Mode Optical Module: Available for express delivery in Oman, including Muscat, Salalah, Seeb, and Sohar, with an estimated delivery time of 2-3 days . This option is ideal for urgent installations and comes in packs of two with LC connectors, supporting distances up to 10 km.
- Desertcart International Shipping: For modules like the QSFPTEK 10G SFP+ SR Transceiver, delivery to Oman generally takes 3-9 business days. Desertcart handles customs clearance, last-mile delivery, and provides full tracking and updates via email or app .
- Cisco SFP-10G-SR Modules: Local Omani vendors such as ServerBasket offer fast shipping to Muscat, Seeb, Salalah, and other cities. Delivery times are location-dependent but typically fall within a few business days, with warranty and technical support included .

Additional Considerations

- Shipping Method: Express courier services reduce delivery time, while standard international shipping may take longer.
- Customs and Duties: Vendors like Desertcart include import duties and customs clearance in the price, ensuring smooth delivery.
