

Optical Module Component Brands and Manufacturers

Summary of Content

Leading optical module component manufacturers include InnoLight, II-VI (Finisar), Huawei, Eoptolink, Accelink, and AOI, offering high-speed transceivers, lasers, and custom optical solutions for telecom, data centers, and industrial applications.

Top Global Optical Module Manufacturers

- InnoLight Technology (Zhongji Innolight Co., Ltd.) – A high-speed optical module solution provider integrating R&D, design, packaging, testing, and sales of optical transceivers. InnoLight has consistently improved its market position and is recognized for high-performance modules used in data centers, telecommunications, and FTTx networks .
- II-VI Incorporated (including Finisar) – A major player in optical modules, lasers, and transceivers, serving telecom, FTTH, and data center markets. II-VI acquired Finisar, strengthening its global market share and technological capabilities .
- Huawei (HiSilicon) – Offers coherent DWDM modules and high-end optical components. Huawei has invested heavily in local supply chains to ensure production continuity despite global restrictions .
- Eoptolink Communication Technology Co., Ltd. – Based in Chengdu, China, Eoptolink specializes in high-performance optical modules and devices for ICT industries, including LTE, FTTx, and smart grid applications .
- Accelink Technologies – Provides optical transceivers and networking equipment with a focus on customized solutions and fast delivery, supporting telecom and data center connectivity .

TOP 10 optoelectronic components suppliers in China

Its PM components offer excellent optical performance, e.g., high extinction ratio and low insertion loss, as well as high

Industry-leading Optical Switches/Attenuators

Best In Class Fiber Optic Components/Modules/Systems Engineered for Performance, Built for Reliability, Cost-Optimized Solutions

DLP-OMM-SEARCH Design tool | TI

DLP Products optical module search tool (DLP-OMM-SEARCH) is a list of production optical modules with detailed

Top 100 Optical Transceiver Manufacturers in 2026

An optical transceiver is a critical component in fiber optic communication systems, combining both a

Optical Components (Optical Component)

Our specialized team will search for the right manufacturers, distributors or service providers for Optical Components and forward

Top 10 Global Optical Modules in 2023: Chinese Manufacturers

Recently, LightCounting, a market research institution in the optical communication industry, released the latest version

Top Camera Modules Companies | Camera Modules Industry Players

Sunny Optical Technology Sunny Optical Technology is one of the leading Chinese manufacturers of optical components and

Optical component

Find your optical component easily amongst the 39 products from the leading brands (Murata, Nikon, Yangtze Optical Electronic, ...)

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver

Optical Components (Optical Component)

Optical Components - You find here 81 suppliers from Japan China USA Great Britain Canada Germany Austria France Switzerland

LightCounting :: May 2025 Optical Vendor Landscape

The report also includes a review of the latest mergers and acquisitions and their impact on the market landscape. This report takes

13 SFP Module Manufacturers in 2026

This section provides an overview for sfp modules as well as their applications and principles. Also, please take a look at the list of 13

Top 100 Optical Component Manufacturers in 2026 | ensun

An optical component is a device or part used to manipulate light in various ways, playing a crucial role in optical systems. These

Top Optical Transceiver Manufacturers Market Analysis

Verified Market Research evaluates the leading optical transceiver manufacturers of including market share, VMR

World Top 8 Best Optical Transceiver Manufacturers List You Should

The global optical transceiver market was valued at \$7.18 billion in 2020, and it is expected to reach \$14.3 billion by

The latest ranking of the TOP10 global optical module suppliers ...

LightCounting pointed out that optical module suppliers headquartered in China are starting to move some of their

Optical Components | Online Optics Store | Optics for Sale

Shop the largest selection of optical components. Discover high-performance lenses, filters, mirrors, and more for diverse

Top 10 Optical Module Manufacturers' Annual Reports ...

By 2025, its 800G optical module shipments will exceed 5 million units, making it the global "shipment champion" in

Top 10 Optical Module Brand & Manufacturers

Top 10 Optical Module Brand & Manufacturers This section provides a list of the top 10 Optical Module manufacturers, Website links,

Optical Transceivers | Coherent

Get the pluggable module performance you need from the manufacturer of choice for all major networking equipment vendors

Latest Ranking Of Top 10 Global Optical Module Suppliers

Recently, LightCounting, a well-known market research organization in the optical communication industry, released

34 Optical Transceiver Manufacturers in 2026

34 Optical Transceiver Manufacturers in 2026 This section provides an overview for optical transceivers as well as their applications

Who are the Top Optical Transceiver Manufacturers | ABPTEL

These companies drive the industry with high-speed modules and cutting-edge solutions that keep data flowing through modern

Top 10 Optical Transceiver Manufacturers in the World (2026)

Sourcing optics for your data center? Discover the top 10 optical transceiver manufacturers in 2026. Compare global giants and

Optical Components and Modules

Everything you need to build an optical network from end-to-end. Thin-film filter and PLC based AWG for multiplexing, a full suite of
