

Palestinian Bridge Construction Project

Summary of Content

Recent bridge and road projects in Palestinian areas, including the Allenby/King Hussein Bridge and West Bank bypass roads, significantly affect Palestinian mobility and territorial continuity.

Allenby/King Hussein Bridge

The Allenby/King Hussein Bridge, a key crossing between the West Bank and Jordan, has been subject to closures and restrictions by Israeli authorities. In September 2025, Israel temporarily closed the crossing for both passenger and cargo traffic, impacting freedom of movement and humanitarian aid delivery to Gaza and the West Bank. The European Union urged Israel to reopen the crossing for cargo as well as passengers, emphasizing the importance of maintaining access for humanitarian relief and compliance with international law .
