

Polish Rainproof Distribution Box Manufacturer

Summary of Content

Polish manufacturers of rainproof distribution boxes are typically found among industrial electrical equipment suppliers rather than standard packaging companies.

Overview

Rainproof distribution boxes, also known as outdoor electrical enclosures, are designed to protect electrical components from water, dust, and environmental exposure. In Poland, these are usually produced by specialized electrical equipment manufacturers rather than packaging companies like IRBOX, ART-BOX, or MILO Europe, which focus on rigid or gift boxes .

Key Manufacturers and Suppliers

- Hensel Polska – Offers a wide range of IP-rated enclosures suitable for outdoor and industrial use, including rainproof distribution boxes.
- Spelsberg Polska – Known for durable electrical enclosures with high ingress protection (IP65–IP66), ideal for wet environments.
- Legrand Polska – Provides modular and custom distribution boxes with weatherproof options for residential, commercial, and industrial applications.
- ABB Polska – Supplies industrial-grade distribution boxes and enclosures with rainproof and dustproof certifications.
