

Portuguese Standard Network Cabinet Manufacturer

Summary of Content

CRXCONEC, InterRack, and Systion Electronics are key manufacturers of standard network cabinets in Portugal, offering compliant and customizable solutions.

CRXCONEC

CRXCONEC produces the Secured Lock Network Rack, a standard network cabinet suitable for low to medium-density server and network applications. Their cabinets are available in 22U, 32U, 37U, and 42U sizes with various widths and depths. They comply with ANS/EIA RS-310-D, IEC297-2, DIN41497, DIN41494, and ETSI standards, ensuring compatibility with international networking requirements. Features include tempered glass or ventilated doors with advanced locks, sliding depth adjustment for easy installation, and top/bottom cable entry. CRXCONEC also offers OEM customization for branding and specific client needs .

InterRack

InterRack specializes in structured cabling products, including racks and cabinets for telecommunications and data center applications. They provide customized solutions for clients, focusing on high-quality manufacturing and innovation. Their product range supports copper and fiber optic cabling systems, making them suitable for complex network infrastructures. InterRack emphasizes flexibility and tailored designs to meet specific client requirements .
