

Power Distribution Box Made in Nigeria

Summary of Content

Power distribution boxes made in Nigeria are widely available from local manufacturers and online marketplaces, offering both single-phase and three-phase options for residential, commercial, and industrial use.

Overview

Power distribution boxes, also known as distribution boards, are essential for safely distributing electricity across circuits while providing protection through MCBs, RCDs, and fuses. In Nigeria, these boxes are manufactured locally and supplied by both specialized electrical companies and general marketplaces .

Types Available

- SPN (Single Pole & Neutral): Designed for single-phase systems, suitable for homes and small offices .
- TPN (Triple Pole & Neutral): Used for three-phase systems, ideal for industrial or commercial setups .
- Consumer Units & Distribution Boards: Include features like MCB terminal blocks, residual current devices, and IP-rated enclosures for safety and durability .

Local Brands and Suppliers

- Reliable Electrics Limited: Offers ABT, Schneider, and Second Option distribution boxes in both SPN and TPN configurations .
- Electrical.com.ng: Supplies a range of PVC-insulated and IP65-rated distribution boards suitable for residential and industrial use
