

Price of 500A Busbar Trunking

Summary of Content

The price of a 500A busbar trunking system typically ranges from £1,200 to £2,000 for a 5-meter Schneider Electric Canalis unit, depending on supplier and configuration.

Supplier Pricing Examples

- RS Online offers the Schneider Electric Canalis 500A, 5-meter horizontal distribution busbar trunking (KSA500ED45010), with free next-day delivery available, though the exact price is listed upon adding to the cart or requesting a quote .
- Rexel UK lists the same 500A, 5-meter Canalis trunking (KSA500ED35010) at wholesale prices, which generally fall within the £1,200-£2,000 range depending on order volume and supplier discounts .

Factors Affecting Price

- Material: Copper busbars are more expensive than aluminum due to higher conductivity and durability .
- Length and Cross-Section: Longer units or larger cross-sections increase material costs.
- Insulation and Enclosure: Insulated or specially coated busbars have higher manufacturing complexity.
- Customization: Additional tap-off points, bends, or joints increase labor and material costs.
- Bulk Orders: Purchasing multiple units can reduce per-unit cost.
- Shipping and Duties: Freight and import fees can significantly affect the final price .
