

Price of Mesh Cable Tray Interconnection Tees

Summary of Content

Mesh cable tray interconnection tees typically range from \$10 to \$50 per piece, depending on material, size, and supplier.

Overview

Mesh cable tray interconnection tees are fittings used to join three sections of wire mesh cable trays, allowing for branching or complex routing in electrical installations. They are commonly made from galvanized steel, stainless steel, or aluminum, providing durability and resistance to corrosion. These tees are compatible with standard wire mesh trays and are essential for maintaining structural integrity and proper cable management.

Price Range

- Alibaba suppliers offer bulk and wholesale options, with prices starting around \$10–\$20 per tee for standard sizes and materials, with discounts for larger orders.
- Amazon listings for adjustable or reinforced connectors suitable for mesh trays show prices around \$15–\$30 for a pack of 4, translating to roughly \$3.75–\$7.50 per piece, depending on specifications.
- Grainger and McMaster-Carr provide industrial-grade tees, often priced higher due to certification and material quality, typically \$25–\$50 per piece for single units.
