

Price of drilling and installing copper plate in distribution box

Overview

Buyers replacing or installing a copper line set typically pay between \$150 and \$1,200 depending on length, type, and complexity. Key cost drivers include panel amperage, indoor vs outdoor location, wiring length, and whether a full panel upgrade or rerouting is needed. Google has many special features to help you find exactly what you're looking for. XL-21 low-voltage power cabinet product introduction XL-21 series power distribution box is suitable for low-voltage power distribution systems of power plants, substations, petroleum, chemical, metallurgy, machinery and other factories and mining enterprises and high-rise buildings, as power.
