

Price of electrical wires and distribution boxes for factory buildings

Overview

According to HomeAdvisor, the average cost of electrical wiring for a commercial building is between \$6 to \$10 per square foot. If you are standing in a half-finished warehouse or staring at a flickering panel in a residential complex, you've probably asked yourself: how much is a distribution box anyway?

It is the silent heart of any building, pumping electricity to every corner, yet we only think about it when the lights. If you're planning a new commercial building or upgrading an existing space, our commercial electrical installation calculator can help you estimate what your project might cost. It helps buyers form a realistic budget and compare quotes based on price and scope. Our sales team will work with you to develop pricing that supports your individual project or needs.
