

Price of fireproof cable trays for buildings in Belarus

Summary of Content

Fireproof cable trays in Belarus typically range from \$20 to \$150 per meter depending on material, fire rating, and load capacity.

Overview of Fireproof Cable Trays

Fireproof cable trays are essential for maintaining circuit integrity during fires and are used in industrial, commercial, and high-risk environments. They are available in various materials:

- Carbon Steel: Strong and suitable for heavy-load applications, often powder-coated for corrosion resistance.
- Aluminum: Lightweight, naturally corrosion-resistant, ideal for moist environments.
- Fiberglass-Reinforced Polymer (FRP): Non-conductive, highly resistant to chemicals and moisture, suitable for corrosive environments.
- Stainless Steel (304/316): Combines strength with excellent corrosion resistance for demanding conditions .

Price Estimates

While Belarus-specific prices are not publicly listed, international suppliers provide indicative ranges:

- Steel or Aluminum Ladder Trays: \$20–\$50 per meter for standard fire-resistant models.
