

Price of heat insulation pad for distribution box

Summary of Content

Heat insulation pads for distribution boxes typically range from \$0.01 per unit for bulk orders to \$10–\$20 per piece for specialized silicone or fiberglass pads.

Pricing Overview

- **Bulk Wholesale Pads:** Basic thermal insulation pads, such as foam or fiberglass types, can start at around \$0.01 per unit when purchased in large quantities, often with a minimum order of one unit for bulk suppliers like Alibaba .
- **Specialized Electrical Pads:** Silicone-based or fiberglass-reinforced pads designed for electrical distribution boxes, such as SIL-PAD 400, are priced higher, typically in the \$10–\$20 range per piece, depending on size and thermal conductivity .
- **Retail and Industrial Suppliers:** Companies like McMaster-Carr offer a wide range of insulating pads for electrical and thermal applications, with prices varying based on thickness, material, and size . DigiKey also lists thermal pads and sheets with pricing dependent on material type and adhesive options .

Material Considerations

- **Fiberglass Pads:** Lightweight, durable, and effective at resisting heat flow; suitable for general electrical insulation .
- **Silicone Pads:** Thermally conductive, electrically insulating, flame-retardant, and mechanically robust; ideal for isolating power sources from heat sinks .
- **Foam or XLPE Sheets:** Flexible and easy to cut, suitable for irregular surfaces or custom distribution box layouts .
