

Ranking of Standard Data Center Racks

Summary of Content

Schneider Electric, Rittal, and Eaton are among the top-ranked global data center rack companies, recognized for innovation, reliability, and energy-efficient solutions.

Top 10 Global Data Center Rack Companies

- Schneider Electric (APC) – Dominates the market with a complete rack ecosystem, including NetShelter Series and Smart-UPS enclosures, trusted by hyperscalers and enterprises for scalable, high-efficiency deployments .
- Rittal – Known for global infrastructure and cooling solutions, offering TS IT Racks and custom enclosures with German-engineered precision .
- Eaton – Combines intelligent power distribution with rack integration, providing eRack and ePDU systems for advanced monitoring and reliability .
- APC by Schneider Electric – Industry-standard server racks with long-standing reliability and ecosystem compatibility .
- Dell Technologies – High-performance server cabinets like PowerEdge Racks, designed for optimal airflow and cooling in modern workloads .
- Vertiv – Specializes in integrated power, cooling, and enclosure solutions, including Liebert enclosures and Smart Racks .
- Hewlett Packard Enterprise (HPE) – Offers scalable, energy-efficient enclosures such as Apollo Series and modular designs, with strong liquid-cooling expertise for high-performance computing .
- Cisco Systems – Networking-centric rack designs, providing synergy between networking and rack infrastructure .
