

Single-core cable ladder type cable tray

Overview

These trays consist of two parallel side rails connected by rungs at regular intervals, resembling a ladder. They provide excellent cable support, ventilation, and ease of maintenance, making them ideal for carrying power and communication cables. Explore our full collection of Metallic Ladder 3D Drawings, including horizontal fittings, vertical fittings and metallic tray. All fittings are available in sizes and types corresponding to the straight cable tray sections. MP Husky offers the following ladder cable trays : Husky I-Beam cable tray systems are NEMA & CSA. Cable Ladder Trays, are designed to meet most requirements of cable and electrical wire installations and comply to local and international standards of fabrication and finishing.
