

Slot-type fiber optic terminal box

Overview

It is primarily used in FTTX access system terminals. The box is made from high-strength ABS, providing excellent sealing and anti-aging properties, suitable for outdoor wall, pole, or indoor wall mounting. From MDU (Multi-Dwelling Units) to small office and residential deployments, the right fiber terminal box ensures signal protection, organized splicing, and future-proof maintenance. If you're sourcing fiber terminal boxes in bulk or need cost-effective models for project rollouts, this guide.

Description This 12-core fiber optic distribution box, developed in-house, complies with industry standard YD/T2150-2010. Shipping fee and delivery date to be negotiated. The IP65 rated fiber optic termination boxes, such as. This compact 8 port FTTH fiber distribution box is designed to connect feeder cables to subscriber drop cables for last-mile fiber connectivity.
