

Somali optical fiber cable brands

Summary of Content

Key Somali optical fiber providers include Somali Optical Network (SOON), Dalkom Somalia, and Somcable, each offering extensive fiber infrastructure and international connectivity.

Somali Optical Network (SOON)

SOON is a privately owned Somali company licensed to provide telecommunications infrastructure, including fiber-to-the-home (FTTH) services, local loop capacity, data transit, video broadcasting, and surveillance services . The company also offers international interconnectivity for Somali operators and global carriers, making it a key player in both domestic and cross-border fiber networks . SOON focuses on high-quality internet connectivity and leasing dark fiber to telecom companies.

Dalkom Somalia

Dalkom Somalia is a major shareholder in EASSy, a submarine fiber cable connecting nine countries along Africa's eastern seaboard, and has investments in EIG, WACS, SAT3/SAFE, SEACOM, SMW3, and TEAMS . This extensive participation allows Dalkom to provide high-speed, redundant connectivity across Africa and internationally. Its terrestrial fiber network spans over 55,000 km, interconnecting more than 500 locations in 30 African countries, with international reach to over 700 cities globally . Dalkom is known for offering resilient, high-capacity fiber services to telecom carriers.
