

# South African Indoor Distribution Box Size and Price

## Summary of Content

Indoor distribution boxes in South Africa range from small 1–6 module boxes to larger 24-module enclosures, with prices typically starting around R200 and increasing based on size, material, and brand.

### Sizes and Module Capacities

Indoor distribution boxes are available in a variety of sizes to suit different electrical installations:

- **Small Boxes (1–6 modules):** Ideal for single circuits or small residential setups. These are compact and often made of plastic or PVC.
- **Medium Boxes (13–18 modules):** Suitable for larger residential or small commercial installations. Surface or flush-mounted options are common.
- **Large Boxes (24 modules and above):** Designed for commercial or industrial use, accommodating multiple circuits and higher current ratings. Metal and techno-plastic options are available for added durability and compliance with IEC 61439 standards .

### Materials

- **Plastic/PVC:** Lightweight, corrosion-resistant, and suitable for indoor use.
- **Fiberglass:** Offers higher durability and chemical resistance.
- **Steel/Metal:** Provides robust protection, often used in commercial or industrial environments .
