

Spectrometer Manufacturer in Mexico

Summary of Content

Mexico hosts a range of reputable spectrometer suppliers, including Laboid International, Aditya Systems (LADA), and distributor networks like ANALITICA, offering both laboratory and industrial spectrometry solutions.

Key Suppliers

Laboid International is a prominent supplier and manufacturer of spectrophotometers and spectrometers in Mexico, known for precision instruments, reliable delivery, and global export capabilities. They provide a wide range of spectrometers suitable for research, industrial, and educational applications, emphasizing quality and innovation in their products (Laboid International) . Aditya Systems (LADA) is recognized among the top spectrometer manufacturers and exporters in Mexico. They offer customizable spectrometer solutions, manufactured with high-grade materials and advanced technology, ensuring reliability and competitive pricing. They also provide on-time delivery and customer support for both domestic and international clients (Aditya Systems) . ANALITICA, part of GRUPO APSA, operates a network of around 300 sub-dealers across Mexico, supplying laboratory instruments, reagents, and spectrometers to schools, universities, research institutes, government, and industrial sectors. They focus on quality, safety, and environmental compliance, making them a reliable distributor for a wide range of spectrometry equipment (ANALITICA) .
