

Sufficient supply of 1-core outdoor optical cable

Summary of Content

1-core outdoor optical fiber cables are widely available from major suppliers like CommScope, Corning, Alibaba, Amazon, and OmniCable, suitable for FTTH and outdoor network deployments.

Cable Specifications and Types

1-core outdoor fiber optic cables typically feature single-mode G657A1 fiber, which is optimized for long-distance transmission and bend resistance, making it ideal for FTTH and outdoor installations . These cables can come with LSZH jackets for low smoke and halogen-free safety, and may be armored for mechanical protection or dielectric for deployment near high-voltage lines . They are available in gel-filled (water-blocking) or dry (gel-free) designs, depending on environmental exposure and installation method .

Supplier Options

- CommScope: Offers a global portfolio of outdoor fiber optic cables, including armored, non-armored, and dielectric designs suitable for harsh outdoor conditions .
- Corning: Provides outdoor cables with fiber counts from a single fiber up to thousands, including loose tube and ribbon designs, with options for aerial, duct, or direct burial installation .
- Alibaba: Lists 1-core fiber optic cables with CE certification, suitable for both indoor and outdoor use, often in bulk quantities for FTTH projects .
