

Supplier s large-diameter fiber optic cable 24 cores

Overview

High-quality SC-SC single-mode (mono-mode) Loose Tube installation outdoor cable for laying in a tube above- or underground. Black multi-purpose cable with twentyfour cores, rodent protection and pulling aid on both ends. Description: Outdoor Tactical tight buffered optical fiber cable with core bonded design with Polyurethane (PUR) outer jacket. The optical fiber elements are typically individually coated with layers and contained in a protective tube suitable for the environment where the cable will be deployed. Then, two layers of aramid fibers are twisted bidirectionally for reinforcement, and finally a polyethylene outer sheath or an electric tracking. Indoor, Tight Buffered 900nm, Optical fibre Cable, LSZH, Multimode 50/125nm OM4, 24 Core The optical fibre is made of high pure silica and germanium doped silica.
