

Switch with 32 Ethernet ports and 4 fiber optic ports

Overview

It includes 32 adaptive Gigabit RJ45 ports and four SFP Gigabit optical ports. Two SFP to RJ45 adapters are also included. Ports 1 to 32 support IEEE 802. Antaira Technologies' LMX-3228G-10G-SFP-AD is a 32-port industrial managed Ethernet switch embedded with 24*gigabit SFP slots, 4*10G SFP+ slots, and 4*10/100/1000Tx RJ45 ports. This networking device provides VLAN, QoS, and IGMP feature sets, as well as robust security management to facilitate. future Make your network more energy-efficient for smarter, more eco-friendly buildings. These switches combine the configurability of a matrix switcher with the power and. Optimizes critical services with QoS, traffic shaping, multicast support, and ISM VLAN for enhanced efficiency The SIM feature enables managing multiple switches as a virtual stack with a single IP, supporting diverse management tools AC or DC RPS options ensure uninterrupted operation and boost. Upgrading a Switch?

Upgrade at deeply discounted prices to help ensure secure network transformation. Quickly identify the right Cisco switch for your needs, whether you're looking for a new switch or upgrading an old one for an enterprise LAN, a data center, outdoors, or industrial operations.
