

Tray-type and trough-type cable tray company

Summary of Content

Leading manufacturers of tray-type and trough-type cable trays include Atkore International, ABB, Shilden Strut, Uming Group, and Legrand, offering a range of materials, designs, and industry-compliant solutions.

Key Manufacturers

- Atkore International: Offers a wide range of cable trays, including galvanized, stainless steel, and fiberglass options. They provide both standard and custom roll-formed trays suitable for industrial and commercial applications, with extended warranties and global distribution capabilities .
- ABB (T&B Cabletray): Supplies tray-type cable management systems, including ladder and ventilated-bottom trays. Their products conform to ASTM, ISO, and NEMA standards, and they provide CAD and BIM resources for engineering and design purposes .
- Shilden Strut: Specializes in trough-type cable trays, featuring solid or partially enclosed bottoms for enhanced protection against dust, moisture, and physical damage. Materials include carbon steel, stainless steel, and aluminum alloy, with CNC machining for precision and durability .
- Uming Group: Provides trough-type cable trays with solid or ventilated bottoms, side rails, and modular designs. Their products are suitable for industrial plants, commercial buildings, and environments requiring minimal cable sag. They emphasize load capacity, material selection, and compliance with NEC and IEC standards .
