

Turkmenistan manufactures electrical distribution boxes

Summary of Content

Turkmenistan manufactures electrical distribution boxes and related electrical equipment through state and private enterprises such as SE “Nebitmash” and Kuwwat Toplum.

Key Manufacturers

SE “Nebitmash”, a state enterprise under the Ministry of Industry and Building Materials, produces a wide range of electrical equipment for domestic power facilities. Their production includes components like R-1000 and RPS knife switches, transformer contacts rated up to 1 kV, conventional and high-voltage fuses, electric wires, motors, and voltage transformers, which are essential for electrical distribution systems in Turkmenistan (Turkmenportal) . Kuwwat Toplum is a private enterprise known for manufacturing electrical equipment for industrial, residential, and governmental sectors. Their product range includes cables, transformers, lighting, and electrical panels, which encompass distribution boxes for various applications. The company also provides design, installation, and maintenance services, ensuring that electrical distribution solutions are available throughout the country (Kuwwat Toplum) .
