

UAE Corrosion-resistant cable trays

Overview

Corrosion resistant cable trays ensure durability in harsh conditions. Metar is a trusted cable tray manufacturer and supplier in Dubai, UAE, delivering durable and project-ready cable management solutions for commercial, industrial, and infrastructure projects. Our cable trays are engineered for structured cable routing, mechanical strength, and long-term corrosion. The corrosion resistance of cable trays directly determines how long the entire electrical system will last. Stainless steel, aluminum, FRP, GFRP and modern coatings protect against moisture, chemical exposure and mechanical damage. And here a lot depends on the choice: cooperation with reliable. Unigroup offers a line-up of high-performance cable trays, Trunking and Channel Systems for all your cable routing requirements.
