

UK Fiber Optic KVM Price and Brands

Summary of Content

Fiber optic KVMs in the UK are available from brands like SmartAVI, LINDY, Startech, PRO Signal, logear, and Roline, with prices ranging from approximately £300 to over £2,000 depending on features and configuration.

Popular Brands and Models

- SmartAVI: Offers single-head HDMI and DVI KVM-over-IP extenders and matrix switches that support CATx + fiber connections, such as the P2P-KHT300 (HDMI transmitter) and P2P-KVR300 (DVI receiver) for flexible workstation management over IP .
- LINDY UK: Provides a wide range of KVM switches and extenders, from simple desktop models to advanced matrix solutions suitable for fiber optic setups .
- Startech, PRO Signal, logear, Roline: Available through Farnell UK, these brands offer KVM switches with USB, video, and data support, including fiber-compatible models for high-performance applications .

Price Ranges

- Entry-level fiber KVM extenders: Around £300-£500, suitable for single workstation setups.
- Mid-range models: £500-£1,200, often supporting multiple video outputs, longer fiber distances, and IP management.
- High-end matrix switches and enterprise solutions: £1,500-£2,500+, offering multi-head support, advanced IP control, and professional-grade reliability .
