

Vietnam New Energy Optical Cable Manufacturer

Summary of Content

LS Eco Energy's LS-VINA and LS Cable Vietnam are leading manufacturers of high-voltage and optical cables in Vietnam, supported by SACOM Wires and Cables and TBD Group for specialized telecommunication and fiber optic solutions.

LS Eco Energy – LS-VINA and LS Cable Vietnam

LS Eco Energy, part of South Korea's LS Group, operates two major manufacturing facilities in Vietnam: LS-VINA in Hai Phong and LS Cable Vietnam in Dong Nai . LS-VINA specializes in ultra-high voltage cables up to 220 kV, holding approximately 80% of the Vietnamese market for this segment . The company has supplied cables for national power grid projects, renewable energy installations, and large-scale AI data centers, providing both power and optical communication solutions . LS Eco Energy has also signed a Joint Development Agreement with PetroVietnam Technical Services Corporation (PTSC) to construct a high-voltage cable plant, further strengthening Vietnam's position as a regional hub for high-quality cable production .

SACOM Wires and Cables

SACOM Wires and Cables is a Vietnamese manufacturer with over 30 years of experience, producing magnet wires, copper wires, telecommunication cables, and drop wires . The company serves both domestic and international markets, offering a wide range of products suitable for renewable energy, industrial, and telecommunication applications. SACOM emphasizes quality and reliability, making it a trusted supplier for large corporations.
