

What are some Norwegian optical fiber cable manufacturers

Summary of Content

Key Norwegian manufacturers of optical fiber cables include Foss Fiber, Norsk Fiberoptikk, Fiberworks, Smartoptics, and T&G Elektro.

Leading Companies

Foss Fiber is a prominent Norwegian manufacturer established in 1987, specializing in high-performance fiber optic solutions for telecommunications, oil and gas, defense, offshore, and industrial sectors. They produce standard and custom cables, structured cabling systems, and Plug & Play solutions, with in-house manufacturing in Norway and Slovakia, ensuring quality and reliability . Norsk Fiberoptikk, founded in 2001, focuses on providing comprehensive fiber optic solutions and infrastructure services. They have extensive experience in both small and large-scale projects, offering tailored solutions to meet specific customer requirements . Fiberworks offers a wide range of fiber optic cables and products, including development, delivery, and testing services. They emphasize high-quality, cost-effective solutions for fiber networks . Smartoptics specializes in optical networking solutions, including optical transceivers and scalable, flexible systems. Their products are designed to enhance network capacity and reduce vendor dependency . T&G Elektro provides custom connection solutions and manufactures fiber optic cables for sectors such as defense, aerospace, telecom, and energy, making them a versatile supplier in the Norwegian market .
