

What are some companies that offer low-voltage galvanized cable trays

Summary of Content

Leading manufacturers of low voltage galvanized cable trays include KDM Steel, Atkore International, Eaton, Schneider Electric, and Marco Cable Tray Systems.

Key Manufacturers and Suppliers

KDM Steel offers low voltage cable trays made from galvanized steel, aluminum, and stainless steel. Their trays are designed for corrosion resistance, flexibility, and easy installation in under-floor or underground applications, making them suitable for industrial and commercial low voltage wiring systems . Atkore International (Cope Cable Tray) provides durable galvanized cable tray solutions, particularly for petrochemical, power generation, and industrial facilities. Their products are known for high structural strength and long-term reliability . Eaton Corporation manufactures comprehensive galvanized cable tray systems for industrial and commercial applications, including data centers, manufacturing plants, and utility projects worldwide . Schneider Electric specializes in robust galvanized cable management solutions for challenging industrial environments, such as oil & gas plants and chemical facilities, ensuring compliance with safety and performance standards . Marco Cable Tray Systems produces versatile galvanized cable trays that can be adapted to complex installation environments with minimal on-site modifications, suitable for both industrial and commercial low voltage applications .
