

What are some good brands of meltblown fiber trays

Summary of Content

Leading brands producing meltblown fiber trays and molded fiber packaging include Berry Global, Kimberly-Clark, Freudenberg, Toray Industries, Mogul, PEGAS Nonwovens, Harvest Packaging, and Formary.

Meltblown Nonwoven Fabric Manufacturers

Meltblown fiber trays are often made from ultrafine nonwoven fibers produced using meltblown technology. Key global manufacturers include:

- Berry Global Group – Supplies critical filtration materials and high-performance meltblown fibers for medical and industrial applications .
- Kimberly-Clark Corporation (Halyard Health) – Offers FDA-cleared meltblown materials for surgical drapes, sterilization wraps, and premium medical PPE .
- Freudenberg Performance Materials – Combines meltblown and spunbond technologies for automotive, industrial, and acoustic applications .
- Toray Industries, Inc. – Provides electret-charged meltblown materials with high bacterial filtration efficiency for medical and cleanroom uses .
- Mogul – Turkey-based producer supplying advanced materials for infection control and industrial filtration .
- PEGAS NONWOVENS – Specializes in high-absorbency core materials for hygiene products .
