

What are the prices and specifications for fireproof cable trays

Summary of Content

Fireproof cable trays typically range from \$2 to \$25 per meter, depending on material, type, and specifications.

Price Overview

The cost of fireproof cable trays varies widely based on material, design, fire rating, and supplier. For standard industrial and commercial applications:

- Galvanized steel trays: \$2-\$15 per meter, offering a balance of durability and cost .
- Stainless steel trays: \$10-\$25 per meter, providing superior corrosion resistance and fireproof performance .
- Aluminum trays: \$8-\$20 per meter, lightweight and rust-proof but generally more expensive than steel .
- Fire-rated PVC or fiberglass (FRP) trays: Prices vary depending on certification and chemical resistance, often in the mid-range of steel and aluminum costs .

Wholesale vs Retail Pricing

- B2C retail: Individual units or small quantities can cost between \$15 and \$34 per tray, depending on size and material .
- B2B wholesale: Bulk orders significantly reduce per-unit costs, ranging from \$0.80 to over \$76 per meter depending on specifications, volume, and supplier .
