

What is the unit price of trapezoidal cable trays

Summary of Content

The reference price for trapezoidal cable trays typically ranges from \$5 to \$25 per meter, depending on material, coating, and supplier.

Price Overview

Trapezoidal cable trays are available in galvanized steel, stainless steel, aluminum, and sometimes plastic, with prices influenced by material, surface finish, and load capacity . For standard applications:

- Galvanized steel trays: \$5-\$15 per meter, offering a balance of durability and cost .
- Stainless steel trays: \$15-\$25 per meter, suitable for corrosive environments or high hygiene requirements .
- Aluminum trays: \$10-\$20 per meter, lightweight and corrosion-resistant, often used in industrial or coastal installations .
- Plastic or halogen-free trays: Lower cost, around \$5-\$10 per meter, but not suitable for heavy loads .

Factors Affecting Price

- Material and Coating: Hot-dip galvanized (HDG) steel is more expensive than pre-galvanized steel but lasts longer outdoors. Powder-coated trays add protection and color options .
- Tray Type and Size: Larger trays or ladder-style trays cost more due to higher material usage, while perforated or wire mesh trays are cheaper .
