

Where in Southern Europe can I find ladder-shaped cable trays

Summary of Content

You can find ladder-shaped cable trays from suppliers such as RED Metal in Romania, Trayco in Belgium, and Eurostrut with European distribution, all offering high-quality, standards-compliant systems.

Key Suppliers

RED Metal (Romania) Based in Bucharest, RED Metal manufactures metal cable trays suitable for low and medium voltage installations. Their ladder-type trays are made from galvanized sheet metal, with standard lengths of 3 meters and widths from 50 to 600 mm. They offer fast delivery across Europe and comply with CE standards, ensuring safety and quality for industrial and civil projects . **Trayco (Belgium)** Trayco produces the FORCE range of cable ladders entirely in Belgium. These ladders feature clinched rungs for high strength and corrosion resistance, available in sendzimir and Ultra Galva finishes. They are designed for long spans, vertical trajectories, and heavy loads, making them ideal for industrial and infrastructure projects . **Eurostrut (Europe-wide)** Eurostrut supplies a wide range of cable ladders and trays suitable for utility, industrial, marine, and offshore applications. They provide technical support, installation instructions, and custom solutions, with fast delivery from stock via their webshop. Their products meet strict safety and durability standards .

Other European Options

- Ekabel24 offers a variety of cable trays and ladders in hot-dip galvanized steel, stainless steel, and halogen-free plastic, compliant with DIN EN 61537 and international standards .
