

Yemen Ultra-High Voltage Complete Equipment Manufacturer

Summary of Content

Key suppliers of ultra-high voltage and power distribution equipment in Yemen include Amwaj International, Al Namany Trading, and UltPower Co. Ltd., offering complete solutions from supply to installation and maintenance.

Leading Companies

Amwaj International Trading & Contracting Co. Ltd. is a prominent Yemeni company specializing in electrical and mechanical projects, including high, medium, and low voltage transformation stations. They provide complete UHV solutions, including transformers, switchgear, protection and control systems, SCADA and PLC systems, as well as testing and commissioning of electrical station equipment. Their services also extend to internal and external lighting, HVAC systems, fire-fighting systems, and mechanical equipment for stations and buildings . Al Namany Trading focuses on the import, supply, and contracting of electrical equipment, including transformers, UPS systems, batteries, and cables. They are also active in renewable energy solutions, particularly solar energy, and provide consulting, project implementation, and technical support for high-efficiency energy systems . UltPower Co. Ltd. is a specialized supplier of power generation and distribution equipment in Yemen. They offer a wide range of electrical equipment and materials for high-voltage applications, emphasizing complete solutions for power generation, transmission, and distribution projects .
